

RF Bakery Equipment is your best source for custom Specialized Spiral Conveyors

RF Bakery Equipment is Canada's foremost manufacturer and distributor of the highest quality bakery equipment on the market. We pride ourselves on offering Best-In-Class Equipment, Parts and Service. With offices in Vancouver, BC and Toronto, ON, we are in great position to help service our clients throughout North America and the World.

Our Spiral Conveyors offer cost-effective solutions for product cooling, refrigeration and heating/drying applications, as well as elevating or lowering products. Talk to us about automating your line with our manufactured products.

Optimize your overall floor space

Our unique vertical corkscrew designs transport your products in a continuous motion and use much less floor space than conventional horizontal conveyors. Fully customizable and versatile, our spiral conveyors can be designed for almost all baking processes including freezing, cooling and proofing.

We customize to suit your needs

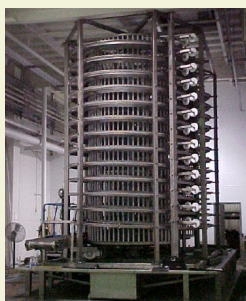

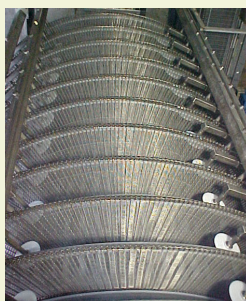

Customization and design are our speciality. With your specifications in mind, we can build conveyance systems for a wide variety of products and with varying output rates to lower your overhead and overall unit costs.

Not sure what your specifications are? No problem. We have developed a quick and easy questionnaire to help you figure out your specs.

Our products are fully guaranteed

We are so confident about our products that we stand by them. That means even after our products have shipped to your door you can always reach us. Our knowledgeable staff is available anytime to answer your questions. We also have experienced technicians standing by 24 hours a day to assist you with your technical concerns.

Call us today to find out how our Spiral Conveyors can help transform your business.
